**Attachments:** Williams Ignacio Inspection Report 2016.pdf

Hi Danny

Attached is EPA's 2016 inspection report for the Williams Ignacio Gas Plant. Recently Harvest Midstream requested a copy of this report. Before providing the inspection report to Harvest Midstream we shared it with Williams to make sure there was no confidential business information (CBI) in the report. Since the report has been shared with Williams and Harvest Midstream, and since Williams has not claimed any of the information to be CBI, we want to make sure that the Tribe also has a copy of it.

Thanks
